Hi Kak Lita,  
I'm so happy, would like to share with you my feedback about this oil is really Magical. After I started to use my business getting better. And also after few years of marriage and having kids. We are not closed just busy with our works. Now feel like energy rejuvenate back, like back to early marriage 😊. My hubby feel the same too. Nowadays he asking me to apply the oil everyday 😊. I will refused if once a while ok lah 😊. Since very tired with taking care of kids and housewife routine. This is really a superb duper oil. Will helps lots of people who suffers with relationship & business problems. Definitely will introduce to my friends, relatives and customers ❤️ 😊 😊

Hi dear I'm good. Many people have commented on what perfume I'm using. I just give a secret smile 😊

The smell lingers on the whole day and I feel super good. Very uplifting, and overall relationship and day to day interaction with people goes on smoothly. I come across close to 500 people a day and this oil really helps to make interaction with them smoother.

10:06 AM

Super happy with ur feedbackkkk ❤️❤️

Will surely repeat order, my daughter keeps asking what perfume and I hid the bottle. She's way too young for this 😊

10:07 AM

👉👉👉 sure sure ❤️

Hope more paths are open and achieve happiness. I observe people's reaction when they come close or pass by me, their reaction changes.

10:08 AM

Memang berbaloi. I've tried other so called pheromone oils out there, but none has given the same effect as Nur Qaseh Oil.
